## Enjoy Hand Quilting this Summer

**Free Shipping on all quilt hoops through July 31st**

We love hand quilting in the summer! The quiet pace of stitching seems to fit the relaxing mood of slow summer days.

However, having a heavy quilt on your lap can get warm. Our sturdy hoops lift the quilt off your lap and keep you cool. It's also easier to control your needle and create even stitches with your hoop on a stand. You can dedicate both hands to quilting, rather than holding up a bulky quilting hoop. Roll up the sides of your quilt and secure them with [simple grip clamps](#) to lift the quilt off your lap completely.

Try hand quilting with one of our hoops today and see the difference a sturdy hoop can make.

## Quick Quilt Tip

To store those unfinished project or leftover scraps neatly, try unused pizza boxes from your local pizza joint. They will usually sell them to you at a very low price if you ask nicely (or tip nicely). You can label the spine or staple fabric scraps to the outside of the box, and stack them horizontally. To store them vertically like books on a shelf, add some batting scraps to the box to fill any empty space and prevent

## Recipe:Homemade Pepperoni Rolls

Paired with a healthy green salad, these pepperoni rolls make a quick and tasty homemade dinner. Mini versions also make great appetizers!

Using enough pizza dough for about 1 large pizza, (homemade dough or prepared) separate the dough into 6-10 sections. Roll each section out flat and lay 1 piece of string cheese and 3-4 pieces of pepperoni on it. Roll the dough around the cheese and pepperoni and seal up all edges. Brush all rolls with egg wash (1 egg beaten lightly with 2 tbsp water) Sprinkle with your choice of pizza spices and Parmesean Cheese. Bake in a 375 oven for about 12 minutes or until rolls are lightly brown. Serve with Pizza Sauce and Ranch dressing for dipping. Make a double batch, they're even better the next day!
